THE ESSENTIALS OF LIFESPAN DEVELOPMENT - INTERNATIONAL STUDENT EDITION

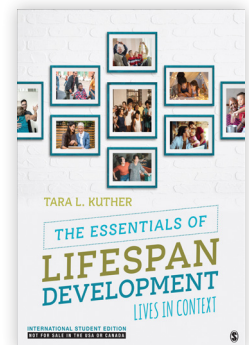

Lives in Context

Tara L. Kuther

The Essentials of Lifespan Development: Lives in Context examines the ways in which contexts—culture, society, socioeconomic status, home, family, and even community—impact each stage of a person's life. Using highly relatable examples, and vivid cross-cultural stories, Kuther applies the latest cutting edge research to learners' experiences and interdisciplinary career aspirations. A chronological, 16-chapter organization; chunked content; and routine critical thinking practice help to make the book inviting and accessible for all students.

QUEERING THE ASIAN DIASPORA

Hongwei Bao

In the space between anti-Asian racism and Asian Pride, LGBTQ+ people's voices are largely missing. Can queer Asian diaspora comfortably identify with mainstream Asian diaspora and LGBT politics? Is a queer Asian diaspora cultural politics possible? What would it look like? This book answers these questions by drawing on a range of contemporary case studies from queer Asian diaspora cultural production in recent years including art, performance, film and political activism.

YOUR PSYCHOLOGY PROJECT

The Essential Guide

Jennifer Evans

Your Psychology Project clearly maps out all the requirements of a project in psychology. The definitive survival manual, it guides students through every aspect of a psychology project from conception of an idea, to writing up the final draft. It helps students think through the whole research process by bridging the relationship between the research question, the design, and the use of statistical and qualitative analyses. By using clear practical examples, this book provides an invaluable insight into applying theory to practice and equips students with the knowledge, skills and ability to carry out and write up their thesis project.

REPRESENTING REALITY

Discourse, Rhetoric and Social Construction

Jonathan Potter

"Since the publication of Potter & Wetherell's influential 'Discourse and Social Psychology', which laid the ground-plan for their version of discourse analysis, work has continued apace... As a progress report, the present text provides a valuable up-date, summarizing the main lines of development and usefully pulling together material heretofore only available from a disparate range of sources... As an introduction to this type of analysis, this is an admirable book which can be recommended to students with confidence, and is likely also to become an indispensable source of reference for those researching fact construction."

SOCIAL PSYCHOLOGY - INTERNATIONAL STUDENT EDITION

Thomas E. Heinzen,
Wind Stone Goodfriend

This award-winning text invites students to discover social psychology's relevance to their lives. The authors capture student interest by weaving stories drawn from their own personal experiences with compelling examples from everyday life, all carefully placed in historical context. Social psychology is presented as an evolving, science-driven conversation; chapters build on core questions central to scientific inquiry, while a methods-in-context approach cultivates psychological literacy. The Second Edition has been thoroughly updated with new pop culture examples, additional diversity coverage, recent controversies related to the Zimbardo and Milgram studies, and over a hundred new citations from the latest research.
