Sage Nursing eBook Collections

Transforming Nursing Practice eBook Collection

Unrestricted 24/7 access to over 60 essential textbooks, mapped to the NMC standards and packed with active learning features.

The Transforming Nursing Practice series (TNP) eBook collection brings together **over 60 core textbooks**, forming a comprehensive digital library specifically for student nurses. Developed in collaboration with experienced practitioners and aligned with the latest NMC standards for registered nurses, this collection delivers immediate access to a wealth of resources that encourage confident, evidence-based learning. Students benefit from **interactive activities**, **practical frameworks**, **models**, and **real-world case studies**, all designed to support academic achievement and professional growth in today's dynamic healthcare environment.

Students can access the entire collection instantly on any device, with features designed to encourage active engagement. The intuitive digital format makes it easy to search, highlight, and annotate content, while seamless integration with major Virtual Learning Environments ensures recommended readings are always within reach.

- **Tailor-made for pre-registration student nurses**
- **Comprehensive coverage of core topics, mapped to the NMC standards**
- **Activities, frameworks, models, and case studies for practical learning**
- **Annual subscription with unlimited concurrent user access**
- **Multi-year discounts available**

Bundle & Save

Institutions **subscribing to both UNAP and TNP collections receive a further discount**, supporting nursing education across roles.
